1. ABOUT THE POLICY

HMO MEDICARE SUPPLEMENT INSURANCE POLICY

PHYSICIANS PLUS INSURANCE CORPORATION MEDICARE SUPPLEMENT POLICY

The Wisconsin Insurance Commissioner has set standards for Medicare supplement insurance. This policy meets those standards. It, along with Medicare, may not cover all of your medical costs. You should review all policy benefits, exclusions and limitations carefully. For an explanation of these standards and other important information, see the "Wisconsin Guide to Health Insurance for People with Medicare", given to you when you applied for this policy. Do not buy this policy if you did not receive this guide.

YOUR RIGHT TO RETURN THIS POLICY

Please read this policy right away. If you're not satisfied with it for any reason, you can return it within 30-days. Upon return, this policy becomes invalid. Physicians Plus will refund all payments you've made on it. Upon your payment of premium and the issue of this policy and an identification (I.D.) card, Physicians Plus agrees to provide the benefits described in this policy.

IMPORTANT NOTICE CONCERNING STATEMENTS IN THE APPLICATION FOR YOUR INSURANCE

Please read a copy of your application. Omissions or misstatements in the application could cause an otherwise valid claim to be denied. Carefully check the application and write to the insurer within 10 days if any information shown on the application is not correct and complete or if any medical history has not been included. The application is part of the insurance contract. The insurance contract was issued on the basis that the answers to all questions and any other material information shown on the application are correct and complete.

GUARANTEED RENEWABLE FOR LIFE - PREMIUM SUBJECT TO CHANGE

You must have Medicare Part A and B to qualify for this policy. Physicians Plus will renew this policy for as long as; you pay the premium due on time; you have Medicare part A & B; and you live in the Physicians Plus Service Area (Dane, Columbia, Dodge, Grant, Green, Iowa, Jefferson, Juneau, Lafayette, Richland, Rock, Sauk and Vernon). You cannot be cancelled because you have used or overused benefits. Physicians Plus Insurance Corporation can raise your premium only if Physicians Plus raises the premium for all policies like yours. Your premium will also change at the next renewal date (January 1st) after you attain the following ages: 65, 70, 75, 80 and 85. Your premium will not increase on the basis of age after age 85.

This policy is in force for the initial period of coverage through December of that calendar year. This is true if we have accepted a timely prepaid premium. After that, Physicians Plus will renew this policy for further periods of coverage if you pay your premiums on time.

YOUR RIGHT TO CANCEL THIS POLICY MIDTERM

This policy provides for midterm cancellation at the request of the member or authorized representative. If the member cancels a policy midterm or the policy terminates midterm because of the member's death, Physicians Plus will issue a prorated refund to the member or the member's estate.

USUAL AND CUSTOMARY

This is an HMO Medicare Select Supplement policy; this policy requires you to seek services from a Physicians Plus Insurance Corporation participating provider. If services are provided by a non-participating provider usual and customary limits may apply to claims payment. Usual and Customary means the usual and customary amount payable based upon the average charge for the same service provided by other providers of a similar type, training, and experience, in the same or similar geographical area and should not exceed the fees that the provider would charge any other pay or for the same services. Other factors such as, but not limited to, complexity, degree of skill or type of provider may also determine a usual and customary fee. Usual and Customary fees apply to Wisconsin mandated benefits only.

2. Physicians Plus discovers that you misrepresented information that is material to our acceptance of the risk up to 2 years after the policy is issued.

If Physicians Plus terminates this policy for any reason other than your failure to pay your premium, we will notify you in writing at least 10 days before the termination date.

This policy provides for midterm cancellation at the request of the member or authorized representative. If the member cancels a policy midterm or the policy terminates midterm because of the member's death, Physicians Plus will issue a prorated refund to the member or the member's estate.

B. EXTENSION OF BENEFITS

If you are totally disabled on the date this policy terminates, benefits may be extended for any continuous loss that commenced while the policy was in force. Benefits will continue only in the event of your continuous total disability. Premium is due for any coverage extended under this provision. This extension of benefits shall end on the earliest of the following:

1. The date your continuous total disability ends, as determined by Physicians Plus;
2. The end of the benefit period that commenced while the policy was in force; and
3. Payment of the maximum benefits under the policy.

Receipt of Medicare Part D benefits shall not be considered in determining a continuous loss.

C. GUARENTEE ISSUE

In some situations you have the right to enroll in a Medicare supplement or Medicare select policy regardless of your health status if your other health coverage terminates. As required by the guarantee issue provisions Physicians Plus will offer a policy without answering health questions if the following apply:

- Your Medicare Advantage or Medicare cost plan (neither is offered by Physicians Plus) stops participating in Medicare or providing care in your service area; or
- You move outside the plan's geographic service area; or
- You leave the health plan because it failed to meet its contract obligations to you; or
- Your employer group health plan ends some or all of your coverage; or
- Your Medicare supplement insurance company ends your Medigap or Medicare select policy and you're not at fault (for example, the company goes bankrupt); or
- You drop your Medigap policy to join a Medicare Advantage plan, a Medicare cost plan, or buy a Medicare select policy for the first time, and then leave the plan or policy within one year (12 months) after joining. However, you may only return to the policy under which you were originally covered, if available; or
- You join a Medicare Advantage plan or a Medicare cost plan and within one year of joining, you decide to leave the health plan; or
- You have Medicare Parts A and B and are covered under Medical Assistance and lose eligibility in Medical Assistance (see SUSPENSION - MEDICAID AND GROUP COVERAGE).

When you meet the above conditions and you must apply for your new Medigap policy no later than 63 calendar days after your health plan or policy ends. Physicians Plus cannot deny you insurance coverage or place conditions on the policy; and must cover you for all *preexisting conditions*, and cannot charge you more for a policy because of past or present health problems.

The insurance company terminating coverage must provide a notification that explains individual rights to guaranteed issue of Medigap policies. You must submit a copy of this notice or other evidence of termination with the application for the new policy.

D. SUSPENSION - MEDICAID AND GROUP COVERAGE

2. Group Health Plan Coverage - Physicians Plus will suspend this policy when you become eligible for group coverage. The suspension will be effective the first of the month following our receipt of your request for suspension. If you lose your Group coverage during that time, Physicians Plus will reinstate this policy as of the date your Group coverage ends if you: (1) Give Physicians Plus notice within 90 days of termination of the Group coverage termination; and (2) Pay current premium for the policy.

Your reinstated coverage will be equivalent to the coverage in effect before the suspension. The appropriate Medicare deductibles and benefit changes will apply. The premium rate changes will apply for your reinstated coverage and will be the same as those with the same coverage in the same age band.

6. PAYMENT OF CLAIMS

HOW TO CLAIM BENEFITS

1. Notice Of Claim

When you seek health care services from a provider, always show your Medicare I.D. card and your Physicians Plus I.D. card.

2. Medicare Filing

Claims for services that are eligible for reimbursement under Medicare must be sent to and processed by Medicare before Physicians Plus can process the claim(s). Normally the provider of service will send the claim to Medicare first and then to Physicians Plus. If your provider does not submit the claim to Medicare and Physicians Plus on your behalf, Physicians Plus will need the following information to process your claim:

- a. A copy of the Explanation of Medicare Benefits (EOMB); and a copy of the provider's itemized bill on a standard claim form.

Please keep copies for your records.

3. Proof of Loss

Whether you submit a claim to Physicians Plus and/or Medicare or the provider of service submits the claim on your behalf; Physicians Plus must receive proof of the charges for the services you received within 12 months of the date of service or 12 months from the date Medicare made payment.

Claims that are sent to us more than 12 months after you receive care will not be paid by this policy.

3. Explanation of Benefits

When a claim is submitted to Medicare; Medicare determines payment and will send to you an explanation of your benefits called a *Medicare Summary Notice*. This document explains what Medicare paid and any balance due on the claim submitted.

Your physician's office, hospital or facility will get a copy of the Medicare Summary Notice and then submit the remainder of the charges with a copy of the Medicare Summary Notice to Physicians Plus on your behalf. Physicians Plus will process the claim according to your benefits. If there is a balance due, we will send a Physicians Plus Explanation of Benefits (EOB). If there is no balance due, we will not send an explanation of benefits.

7. APPEAL PROCESS

The Physicians Plus Appeal Process encompasses all levels of appeal including, but not limited to, Complaints, Grievance and OCI Complaints.

COMPLAINT

Situations might occasionally arise when you question or are unhappy with some aspect of the service you received through Physicians Plus. Since most questions about benefits and plan operations can normally be resolved on an informal basis, we encourage you to first try and resolve the problem with the appropriate physician, staff member or by calling our Member Service department at (608) 282-8900 or (800) 545-5015. Your complaint will be documented and investigated. If your complaint is not resolved to your satisfaction, you or a representative may file a grievance with Physicians Plus.

GRIEVANCE PROCESS

A grievance is any dissatisfaction with services provided by, or claims practices of, Physicians Plus that is expressed in writing to Physicians Plus by or on behalf of you. If you want to submit a grievance, please submit it in writing, along with any pertinent documentation, to:

Physicians Plus Insurance Corporation
Attn: Grievance Administrator
22 East Mifflin Street, Suite 200
PO Box 2078
Madison, WI 53701-2078

Except for an expedited grievance (described below), Physicians Plus will acknowledge receipt of your grievance within five business days of receipt. Our acknowledgement letter will: (1) state the specific reason for our denial of a claim or benefit or our initiation of disenrollment proceedings; and (2) inform you of when your grievance will be heard by the Grievance Committee (which will be at least seven days after the date of our acknowledgment letter).

Except for an expedited grievance (described below), you (or an authorized representative) will have the right to participate in the Grievance Committee meeting or attend by teleconference to present written or oral information. If you choose to participate (or have your authorized representative participate) in the Grievance Committee hearing, you must notify Physicians Plus no less than four business days prior to the date of the hearing.

Typically within 30 days of our receipt of your grievance, Physicians Plus will notify you in writing of the decision made by the Physicians Plus Grievance Committee. In some situations Physicians Plus may need additional information and/or time to make a decision. In those cases, before the 30-calendar day period has expired, Physicians Plus will notify you that an additional 30 calendar days will be needed to render a decision. The Grievance Committee's decision will inform you of the disposition of your grievance and of any corrective action taken on your grievance.

If a person is acting as your authorized representative in the grievance process, Physicians Plus may require written evidence of the representative's authority to act on your behalf.

EXPEDITED GRIEVANCE

If you have an "expedited grievance," Physicians Plus will resolve that grievance as expeditiously as your health condition requires but not more than 72 hours after Physicians Plus' receipt of the grievance. An "expedited grievance" means a grievance where any of the following applies:

1. The duration of the standard grievance process will result in serious jeopardy to your life or health or your ability to regain maximum function;
2. In the opinion of a physician with knowledge of your medical condition, you are subject to severe pain that cannot be adequately managed without the care or treatment that is the subject of the grievance; or
3. A physician with knowledge of your medical condition determines that the grievance shall be treated as an expedited grievance.

When you need to request review of an expedited grievance: (a) prominently identify your written grievance as an "EXPEDITED GRIEVANCE" and (b) immediately contact (or have your physician immediately contact) Physicians Plus at (608) 282-8900 or (800) 545-5015.

INDEPENDENT REVIEW PROCESS

What is an independent review?

The independent review process gives you the opportunity to have medical professionals that have no connection to Physicians Plus review your dispute of an "Adverse Determination" or "Experimental Treatment Determination" (defined below). For multiple family member disputes, each member must meet the criteria and submit the necessary fees. The dispute must involve a adverse determination or experimental treatment determination made by Physicians Plus. This includes denials of coverage for treatment because we maintain that the treatment is not medically necessary or that it is experimental, including a denial of your request for out-of-network services when you believe that the clinical expertise of the out-of-network provider is medically necessary. The treatment must otherwise be a covered benefit under your insurance policy. Also, the total cost of the denied coverage must exceed \$274.00 (this dollar amount is set by the Office of the Commissioner of Insurance annually).

You or your authorized representative must request an Independent review within 4 months from the date of the adverse determination or experimental treatment determination made by Physicians Plus or 4 months from the date of receipt of the Grievance Committees decision, whichever is later.

You will choose the Independent Review Organization ("IRO") from a list of review organizations certified by the Office of the Commissioner of Insurance for the State of Wisconsin (OCI) see the list of IRO's on our website at www.HealthyChoicesBigRewards.com or OCI's website at www.oci.wi.gov if you do not have access to these websites you may contact Physicians Plus for a current IRO listing.

The IRO assigns your dispute to a clinical peer reviewer who is an expert in the treatment of your medical condition. The IRO has the authority to determine whether Physicians Plus should cover the treatment and/or services. Pursuant to Section 632.835(3)(f) of the Wisconsin Statutes, the IRO's decision is final and binding on you and Physicians Plus.

"Adverse Determination" means a determination by or on behalf of Physicians Plus to which all of the following apply:

1. An admission to a health care facility, the availability of care, the continued stay, or a treatment that is a covered benefit has been reviewed and denied;
2. Based on the information provided, we have determined that the treatment or care does not meet the requirements of your health benefit plan for medical necessity, medical appropriateness, proper health care setting, level of care, or effectiveness of care;
3. Based on the information provided, we reduced, denied, or terminated the treatment or care or the payment for the treatment or care;

1. You (or your authorized representative) and Physicians Plus agree that the appeal should proceed directly to independent review; or 2. The IRO determines that your health condition is such that requiring you to first complete the Physicians Plus Grievance Process would jeopardize your life or health or your ability to regain maximum function.

The IRO will make a determination within 30 days (or, in the case of an Expedited Independent Review, within 72 hours of receiving all information it needs) and notify the member and Physicians Plus. If the IRO determines that the review is not related to an Adverse Determination or Experimental Treatment, the IRO will provide the member, Physicians Plus, and OCI with written notification within two days of receiving the request for review.
